CAP SENIOR MEMBER PROFESSIONAL DEVELOPMENT PROGRAM

CAPR 50-17, 24 May 2011, is supplemented as follows:

2-1.b.(11) Added. Unit Commanders Course. CAPR 50-17 indicates the availability of training material online to support a Unit Commanders Course, but does not address any requirement for course completion. California Wing has made this training mandatory for all new unit commanders. Therefore, the following requirement is applicable to all members of California Wing who aspire to assume unit command positions.

(a) It is the policy of California Wing that all subordinate unit commanders attend the Unit Commanders Course during the first year after assuming command, unless previously completed. A waiver may be requested by the group commander with approval of the wing commander for an additional 12 months.

(b) Since trained squadron commanders are an asset to their Group, the Groups will pay all course fees for incumbent commanders or those selected for appointment. Other senior members may take the course at their own expense when space is available.
